HTML, CSS, JavaScript, React.js

Responsive Web Design

REST API & Git

ABOUT ME

I am a dedicated Information Systems graduate from BINUS University with a strong interest in web development and frontend engineering. I possess solid knowledge in HTML, CSS, JavaScript, and React.js, alongside basic proficiency in Git and REST APIs. Highly eager to learn new technologies, continuously improve my programming skills, and contribute to developing user-friendly and responsive web applications.

EDUCATION

Bachelor of Information Systems (2022-2026)
BINUS University

SMA Swasta Ahmad Yani Binjai (2019-2022)

SMP Negeri 6 (2016-2019)

SD IT AL-Kaffah (2010-2016)

EXPERIENCE

Freelance Frontend Engineer | 2025 - Present

- Built responsive web applications using React.js, JavaScript, HTML, and CSS.
- Integrated REST APIs to display dynamic data on user interfaces.
- Used Git for version control and collaborated with clients on project needs.
